

# My Room

Read Leona's description of her room. Watch the picture and answer the questions.

## My Room

My room is not big but it is beautiful and comfortable. Opposite the door there is a bookshelf and the wardrobe. My favourite colours are pink and blue so you can see plenty of pink and blue clothes in my wardrobe. There is a desk with the laptop between the bookshelf and the window.

My favourite subject is Science. I like animals and plants and I love flowers. That's why I have a lot of books and posters about them. There are some plants above the window.

There is a large bed with pillows in the middle of the room. Next to the bed there is a nightstand with a lamp on it. Opposite the bed there is a small sofa with three cushions.

My room is clean and tidy. I spend a lot of time there reading books and learning. Sometimes I invite my friends and we have fun together. I love my room very much.
