Reading Comprehension

Instructions: Read the passage carefully before answering any of the questions.

DOLLS

In almost every part of the world children play with dolls. They may be made of cookie dough, plastic, wood, cloth, rubber, paper, or straw. Some artistic people can make beautiful dolls. People can purchase dolls from the straw market and from toy or department stores.

Many children pretend that their dolls are humans. They feed them, bathe them and talk to them. Dolls are a comfort to the sick and help to add joy to children who are well.

Some adults love dolls as much as children do and they have a special doll collection.

Dolls are a wonderful gift to receive at special times such as Christmas and birthdays.

1. Write **THREE** things that can be used to make dolls.
