More information about Dali:

Dalí was a very important multi-faceted Spanish artist.

One of its important characteristics is that it was one of the **maximum representatives of the surrealist movement.**

He started painting when he was just a child, but he got to paint more than 1500 pictures.

A los 18 años, se trasladó a la Residencia de Estudiantes de Madrid para estudiar en la Real Academia de Bellas Artes de San Fernando. Allí conoció a futuras celebridades del arte español como **Federico García Lorca o Luis Buñuel.**

Uno de los hechos más curiosos y que más se recuerdan de esta época fue **su segunda y definitiva expulsión** de la Academia en 1926. El propio Dalí contó que, un día de examen de historia del arte, se negó a hablar del artista Rafael en frente del tribunal que lo examinaba, alegando que los evaluadores no estaban capacitados para examinarle, puesto que él había leído y sabía mucho más que ellos tres juntos sobre el famoso renacentista italiano.

In 1929 he met his great love and muse, a Russian woman 11 years older called Gala and in 1941 he and Gala moved to the United States. There they spent 8 years until in 1949 when they decided to return to Cataluña where they lived until their last days.

12.How many times was Dalí expelled from the Real Academia de Bellas Artes de San Fernando?

None

One, because he was always in late.

Two, because he was very impolite.
