

Future plans "going to"

39

These teenagers are talking about their plans for the holidays.

This year I am going to go to Paris with my parents and my best friend, Mary. We're going to stay in a very beautiful hotel near the Eiffel tower and we are going to visit many famous museums. I'm very excited because I love art, but my best friend doesn't like it that much, so she's going to visit some churches and important buildings. She loves history! After two weeks, we're going to buy train tickets to travel to London. I can't wait to be there!

During this holiday, my family and I are going to move to our new house. I'm really happy and anxious because this new house is bigger and it has a beautiful garden. I love doing the gardening so I'm going to spend a lot of time on it. My brothers and I are organizing a "housewarming party" and we are going to invite all our friends from school and from the club. I think it's going to be great.

Alberto

This holiday is going to be a bit boring for me because I'm going to study a lot! I have to sit for two very difficult exams and I need to practise a lot. I'm going to get up very early in the morning and read until lunch time. Then, I'm going to invite some school friends home to study together. But at weekends, I'm going to take the train and visit my cousins. We're going to go to the cinema to watch the latest film "Lost in China".

Claire

This year I am going to fly to a small town in the south of Italy for two weeks with my family. We're going to stay in an apartment near the town centre. My grandma is also going to come with us. We are going to try to find my greatgrandmother's house. We are very anxious about that! We're also going to hire a car and visit interesting places. I think it's going to be fantastic!
