VI. Read the text and then decide if each of the statements below is true (T) or false (F).

Nowadays, we know how important television is for our knowledge about our environment or the world. TV brings us many interesting things: music, entertainment, sports, films, especially news and documents around the world. The viewers only stay at home and enjoy every program they like. TV is one of the cheapest means of communication.

However, we cannot deny that it also has some bad effects, especially for children, because many movies on TV have violence, crime and other things which young children can get influence from.

Besides, if the light effect isn't in correct frequencies, it will affect the eyes of the viewers. And watching too much television has lowered children's ability to achieve at school.

1. *Television is very important in our daily life.*
2. *TV is the cheapest means of communication.*
3. *TV brings us lots of information about the world around us.*
4. *TV can have bad effect on children.*
5. *The viewers' eyesight can be weaker because of watching too much TV.*
