Task 2: Read and answer the questions.

I am a student. I usually have free time on weekends. In my free time I often do my favorite things. I like playing sports. I play soccer, badminton or tennis. Playing sports helps me stronger and I feel more comfortable. After I play sports I usually go home and take a bath. Next, I listen to some of my favorite music and then prepare my books for the next study week. On rainy days when I can't go out to play sports, I stay at home and play games and clean the house. My parents want me to read books to learn in my free time, but I think I should do what I love to make myself comfortable.
