WS Formulae of Compounds

For each of the following give their molecular formula.

1. Potassium oxide

11. Hydrochloric acid

2. Sodium phosphate

12. Silver nitrate

3. Copper sulfate

13. Lead bromide

4. Magnesium carbonate

14. Sodium carbonate

5. Zinc hydroxide

15. Potassium hydroxide

6. Iron (II) nitrate

16. Copper oxide

7. Silver chloride

17. Barium nitrate

8. Sodium chloride

18. Lead phosphate

9. Sulphuric acid

19. Ammonium hydroxide

10. Nitric acid

20. Ammonium carbonate
