

SC: I can identify types of governments.

Republic

A) Instructions: Using the word bank, fill in the blank spaces.

Head	president	constitutional monarchy
State	Latin	United States
Indirect	Queen	ceremonial
Monarch	vote	not

1. A republic is a type of government where there is no _____, king, or other _____ to represent the people. Usually in a republic, a _____ represents the people as the head of _____.

2. Republic comes from the _____ term, "res publica," which means a public thing. The public can elect or _____ in their leaders. This is a type of _____ democracy. A republic is different from other types of indirect democracies such as a _____.

Barbados is a republic while Cayman is a constitutional monarchy. The difference is that Cayman has the queen as the _____ of state and Barbados has a president. The head of state, like a queen or president may not have a lot of power. In Cayman and the United Kingdom, the Queen does _____ have a lot of power. She plays a ceremonial role. In some republics like the _____, the president has a lot of power. In other countries like Barbados, the president plays a _____ role.

B) Instructions: Match the government types with their heads of governments by putting the letter next to the correct one.

- | | |
