## A. Tujuan Pembelajaran

Setelah kegiatan pembelajaran ini diharapkan peserta didik diharapkan dapat:

1. menentukan tujuan atau tema lagu
2. menentukan kalimat kiasan (figurative language) yang digunakan dalam lirik lagu

## B. Uraian Materi

Untuk materi pembelajaran pada kegiatan ini, kalian akan berlatih menafsirkan fungsi dan struktur kebahasaan sebuah lagu terutama dalam penggunaan kalimat kiasan (figurative language).

Salah satu fungsi lagu adalah untuk menyampaikan perasaan yang dialami. Coba perhatikan potongan lirik lagu di bawah ini? Apakah kalian pernah menyanyikan lagu ini.

### Firework by Katy Perry

**Do you ever feel like a plastic bag**

Drifting through the wind

Wanting to start again

**Do you ever feel, feel so paper thin**

Like a house of cards

One blow from caving in

**Do you ever feel already buried deep**

Six feet under scream

But no one seems to hear a thing

**Do you know that there's still a chance for you**

Cause there's a spark in you

**You just gotta ignite the light**

And let it shine

Just own the night

Like the Fourth of July

Apakah lagu ini bercerita tentang indahnya sebuah "fireworks"? Atau apakah bisa dibayangkan lirik "**Do you ever feel like a plastic bag**, Drifting through the wind", like a paper thin". Kamu bayangkan jika kalian seperti benda benda tersebut, benar lirik lagu ini berisi kalimat-kalimat pengkiasan. Nah, Why firework? Just compare these situations for answering this question!

So, what does Katy Perry want to tell the listeners?

She motivates, inspires the listeners to light up just like fireworks.

Jelas lirik lagu bercerita tentang perasaan, keinginan, kegelisahan, harapan, yang dirasakan penulis lagu.

Jadi fungsi sosial lirik lagu seperti di bawah ini:

So, apakah lagu remaja itu tentang percintaan saja, atau pertemanan dan hanya imajinasi? Tentunya Kalian dapat memberikan contoh-contoh lagu lain, bukan. Tuliskan di buku kalian masing-masing contoh lagu dengan fungsi sosialnya atau tujuannya.

Untuk menemukan pesan dan tujuan penulis tentunya kita perlu memahami kalimat-kalimat kiasan (Figurative language). Nah, sekarang kita akan mendiskusikannya. Let's do it.!

**Figurative Language in songs**

|-----------------|-----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Simile          | It uses the words 'like' or 'as' to compare one object or idea with another to suggest they are alike. Example: She is busy as a bee.                                                                                                                                                                           |
| Metaphor        | It states a fact or draws a verbal picture by the use of comparison. A simile would say you are like something; a metaphor is more positive - it says you are something. Example: You are what you eat.                                                                                                         |
| Personification | A figure of speech in which human characteristics are given to an animal or an object. Example: My teddy bear gave me a hug.                                                                                                                                                                                    |
| Alliteration    | The repetition of the same initial letter, sound, or group of sounds in a series of words. Alliteration includes tongue twisters. Example: She sells seashells by the sea shore.                                                                                                                                |
| Onomatopoeia    | The use of a word to describe or imitate a natural sound or the sound made by an object or an action. Example: snap, crackle, pop                                                                                                                                                                               |
| Hyperbole       | An exaggeration that is so dramatic that no one would believe the statement is true. Example: He was so hungry that he ate that whole cornfield for lunch, stalks, and all.                                                                                                                                     |
| Phrasal Verbs   | a combination of verb and one or more adverbial or prepositional particles, as <i>catch on</i> , <i>take off</i> , <i>bring up</i> , or <i>put up with</i> , functioning as a single semantic unit and often having an idiomatic meaning that could not be predicted from the meanings of the individual parts. |
