

19. Fatimah bought 5 blouses at \$39 each and 3 dresses at \$78 each. How much did she spend altogether?
20. Azwan made 20 ℓ of fruit punch and poured all of it equally into some cups. Each cup contained 200 mL of fruit punch.
- (a) How many cups of fruit punch did Azwan make?
 - (b) How many more millilitres of fruit punch did Azwan have to make if he needed 130 cups of fruit punch?
