If I should _____ (1)

I would only be in your way

I'll think of you every _____ (2) of the way

And I will always love you

I will always love you

You, my _____ (3), you

Bittersweet memories

That is all _____ (4) taking with me

So goodbye, please, _____ (5) cry

We both know I'm not what you, you need

And I will always love you

I will always love you, oh

I hope life _____ (6) you kind

And I hope you'll have all you've dreamed of

And I wished you _____ (7) and happiness

But above all this, I wish you love

_____ (8) I will always love you

I will always love you

I will always love you

I will always love you

I will always love you

I, I will always love you, you

Darling, I love you

I'll always, I'll always love you
