Reading: If I ruled the world

Allan, 17

If I ruled the world, I would erase the borders! We would live in a world without countries. If we don't have any countries, we won't have any wars.

If I had enough money, I would spend it on education and new technologies.

People will live in a better world if every child can go to university and learn about other cultures and traditions

I would also finance new scientific projects like a journey to Mars! Finally, the most important thing. It save the world.
