# Prefixes (re- and un-)

## Rule:

A prefix is a word part added to the beginning of a word. Prefixes change the meaning of the base word.

The prefix re- means again. For example: retie = to tie again

The prefix un- makes the word mean the opposite of the base word.
Example: untie = the opposite of tie

## What prefix can make each base word match the meaning?

___kind
The opposite of kind

___write
To write again

___wrap
To wrap again

___pack
The opposite of pack

## Which word best completes each sentence?

1. My room is very _____.

2. Mom says I must _____ my toys.

3. She is _____ with the mess.
