

Connie's visit to the zoo

1. Read the following text.

Connie is going to the zoo. She goes there so many times. She is so happy, because the zoo is her favorite place.

When she is there, she goes to the monkey house first. She loves their faces, they are very noisy.

Her second stop is the big bird cage. She sees very colorful birds. They make so much noise and have beautiful feathers!

After that, she goes to the fish tank. It is enormous. There are many kinds of fish. They swim around. They have big eyes and swim so well!

The big cats are next. The tigers are scary, sometimes. They are not like Connie's cat at home. They look so heavy and dangerous!

Then, she goes to visit the reptile house. She really doesn't like things with scales, but they are interesting. She doesn't like to see the snakes and their long tongues!

Finally, she goes to the safari area. She goes on a small jeep and looks at animals from far away. She can see zebras, elephants and giraffes.

Someday, Connie wants to be an animal doctor. Then she can work at the zoo.

2. Choose the correct answer.

1. Where is Connie going?
