

Name: _____ Date: _____

Watch out for germs

Part : 2

Instructions:

1. **Read** the story.
2. **Fill** in the blanks.

That little bit of flour sprayed all over. Over Jake – over the table – over the cupboard – well, almost everywhere

"See," Mom laughed. "The flour is like germs. Look where that bit of flour spread!" Mom started cleaning up the mess.

1) **What did mum do?**

Mom started _____ up the

_____.

cleaning

mopping

water

sweeping

mess

flour

"What does a germ look like anyway? If they can make you ill, are they like monsters?"

Mom shook her head.

"We can't see germs with our eyes, only under a microscope."

2) What did Mum say?

She said "We can't see germs with our _____, "

mouth

eyes

hands

"Like my chemistry set microscope?" Jake asked.

"Yes, but, a proper one." Mom said. "There are lots of different germs. Germs spread. Different types of germs spread different things like colds, coughs, sore throats, tummy aches – and lots of other nasties."

3) Complete the sentence

Different types of germs spread

different things like _____,

coughs, _____ tummy aches

flour

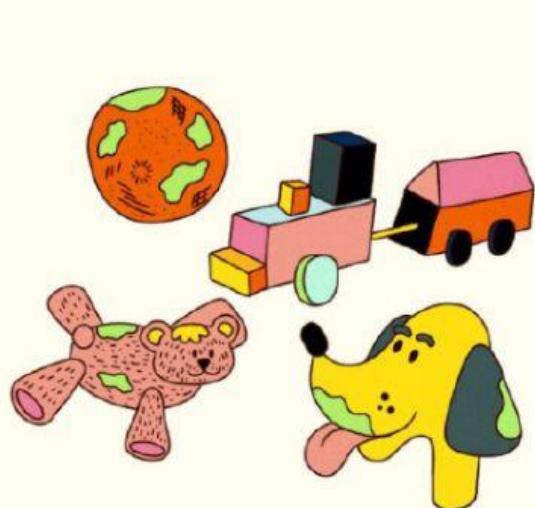

dirt

colds

sore throats

water

rice

"And always wash your hands after you use the bathroom, or play with animals, or when you've been out playing with lots of different things, balls or toys, you know, things everybody touches..."

4) **When must you always wash your hands?**

You must always wash your hands after you use the _____.

bathroom

car

stairs

Jake didn't have a temperature at all, and he didn't even sneeze again, so Jake was just fine!
