Years in English

Speaking

How to say the YEAR in English

Years are normally divided into two parts; the first two digits and the last two digits.
1984 is divided into 19 and 84 so you would say nineteen eighty-four.

1996 1916 2002 1799 1840 2005

01. Record the years. EXPLICADINHO

Example :
