

INGLÉS

Listen to the song carefully and complete it with the correct word from the word bank.

**'Cause I'm Alright**

by Alan Smith Robertson

I'm not living in denial

\_\_\_\_\_ you dumped me I've been fine

I've

I haven't thought about you \_\_\_\_\_ days,

Since we broke up I've already met someone else,

for

and \_\_\_\_\_ only followed you home once to make sure you were safe

I haven't missed you since you left

I haven't missed your soft caress

Since

I \_\_\_\_\_ on your door then run away

Since that night last May

when I nearly drank myself to death, but I'm OK

for

for the last eight months I've been a rock

broke up

I've felt no pain since we \_\_\_\_\_

I haven't felt this free for years

I'm free to drink a thousand beers

I haven't been

I \_\_\_\_\_ getting obsessed or hostile,

I only wished that you were dead \_\_\_\_\_ a short while

Although I've been calling you up for weeks now

haven't knocked

It's not because I miss your voice or I \_\_\_\_\_

crying myself

I haven't been \_\_\_\_\_ myself to sleep at night

When I said I loved you, you know it \_\_\_\_\_

feel down

I'm only writing this song... 'cause I'm alright

it was all lies
