

## Dear STUDENTS,

I hope you find your workbook useful.

A few comments before you get started.

### LINKS

There may be a link attached to a worksheet.

If it's a video link, please make sure you **watch** the video.

If there's a link to a site, such as test-english.com, please make sure you first **read the explanation section** and then do the exercises on the site. Finally, do the worksheet in your workbook.

### CONTRACTIONS

In some cases, you'll be asked to use contractions. Please do.

### EMPTY BOX

There may be an empty box for you to write comments. Please use it if you want to.

### INSTRUCTIONS

Last of all, read the instructions carefully. If, for example, it says: "Fill in these sentences using one word...", simply use **ONE** word.

If you have any doubts, just let me know.

**ENJOY!**

:)
