

INGLÉS

BROKEN HEART

Listen and complete the song.

_____ although she would smile
It _____ meant she was thinking of him
Though _____ we talked, more _____ than not,
I didn't really hear what she had to say

often

Sometimes

Now and then

Once in a while

usually

Since we're apart

I wonder how to mend

Occasionally

A broken heart

I was _____ there when she needed me

rarely

And _____ I was out drinking with friends

constantly

I was _____ the one who was out having fun

never

Yet she _____ complained about being ignored

Now and then, since we're apart,

I wonder how to mend

A broken heart

always

_____ she sits under our tree

_____ to see if I come back to her

hardly ever

By now she should know that I'm not coming home

In fact, now I _____ think about her

often

But now and then,

since we're apart

I wonder how to mend

Her broken heart
