## GRAMMAR - Verb Tenses

**Instructions:** The verbs in the following sentences are underlined. Read each sentence. Then write the tense (past, present, future) of each verb on the line.

\*Remember to spell your answers correctly to receive full points.

The tense of a verb shows the time of the action. The present tense shows action that is happening now. The past tense shows action that happened in the past. The future tense shows action that will happen in the future.
