II. Read and write the word from Activity I in each line.

1. An area of land like a small mountain. .....
2. A long flat piece of equipment that you put on the bottom of your boots to move across snow. .....
3. This is a small area of water, sometimes man-made. .....
4. A long, wide, flat board which you stand on to slide down a hill on snow. .....
5. This is a piece of rock. .....
6. This is what we call a small river. .....
7. A small light that is held in the hand and is powered by batteries. .....
8. This is pulled by horses or dogs to travel across snow or ice. .....

III. Read and answer the questions

Komodo National Park

Komodo National Park is in Indonesia. These islands of Komodo, Rinca and Padar are all part of Komodo National Park. The most famous animal in the park is the Komodo dragon. This is the biggest and heaviest lizard in the world… and it is fast as well! You can go diving in the sea and look at a lot of different beautiful fish and marine animals. You can stay on a boat and sail around the islands or you can stay at a hotel on one of the islands near the national park.

1. Where is Komodo National Park? .....
2. What is the most famous animal in the park? .....
3. What can people do in the park? .....
4. Where can we stay in the park? .....
