5 Read the text. Complete it with a relative pronoun and one of the phrases A—F below.

TORONTO IS A MODERN CITY and it is not very popular with tourists, but there's a part of it . This area is full of buildings in the 1800s — it's the best example of Victorian industrial architecture in the country. This part of Toronto is now an area — so it is full of cultural interest. Because it's an area ,you can walk round it without any traffic problems. But there is one thing . It is the fact that it's the second most popular film location in the world, after Hollywood. Many successful films were made here, such as *Chicago and X-Men*, and on any day you might see film stars , such as Renée Zellweger .
