II. Read and do the following tasks

The scientists say that many homes will have robots in the future. Robots can do many things such as building cars and cleaning floors. But scientists today are starting to build friendlier and more intelligent robots. The robots will be able to show feelings with their faces, just like humans. They will smile and speak. These robots will do housework such as cooking and cleaning. They will even take care of children carefully.

A. Answer these questions

1. Will scientists create beautiful robots?

.....

2. Will robots show feeling?

.....

3. Will robots do work around the house?

.....

B. Complete the sentences with *WILL / WON'T*

4. Many homes.....have robots in the future.
5. There.....be more intelligent robots.
6. Robots.....take care of children carelessly.
