Chapter 4 - Subtraction within 10

Topic: Making a Family of Number Sentences

1.) Write a family of number sentences for each picture.

Example

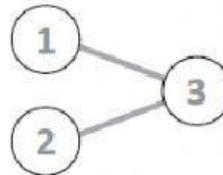

$$\underline{1} + \underline{2} = \underline{3}$$

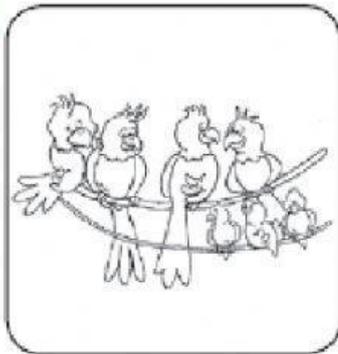

$$\underline{2} + \underline{1} = \underline{3}$$

$$\underline{3} - \underline{1} = \underline{2}$$

$$\underline{3} - \underline{2} = \underline{1}$$

(a)

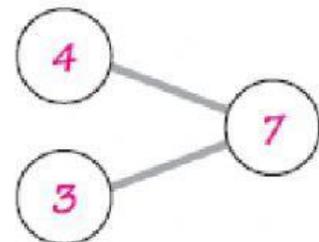

$$\underline{\quad} + \underline{\quad} = \underline{\quad}$$

$$\underline{\quad} + \underline{\quad} = \underline{\quad}$$

$$\underline{\quad} - \underline{\quad} = \underline{\quad}$$

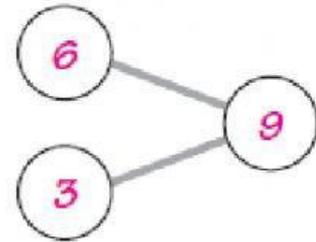

$$\underline{\quad} - \underline{\quad} = \underline{\quad}$$

(b)

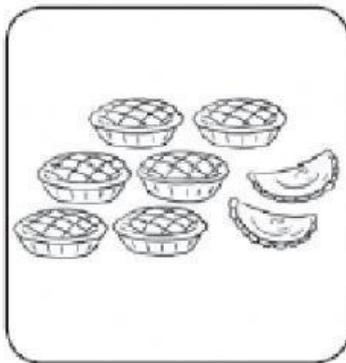

$$\begin{array}{r} _ + _ = _ \\ _ + _ = _ \\ _ - _ = _ \\ _ - _ = _ \end{array}$$

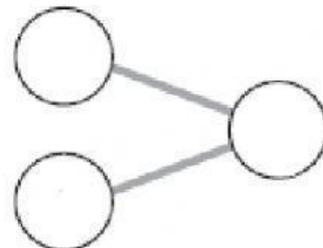

2.) Fill in the number bonds.

Then, write a family of number sentences for the picture below.

$$\begin{array}{r} _ + _ = _ \\ _ + _ = _ \\ _ - _ = _ \\ _ - _ = _ \end{array}$$

Addition and subtraction within 10 checklists:

I can add and subtract numbers within 10	
I can write addition and subtraction number sentences (e.g, $1 + 2 = 3$ and $5 - 3 = 2$)	
Now I can add and subtract numbers independently (buat kerja sekolah sendiri)
