Mathematics
Gr. 6

5.2 Absolute Value

Warm-Up

7 minutes

1. Jenny's homework was one day late, so the teacher deducted 5 points. Write an integer to represent the loss in points. Explain the meaning of zero in this situation.

2. A deep-sea diver is 95 feet below sea level. A seagull is flying 8 feet above sea level. What integer represents the diver's location?

Outcomes

1• To represent absolute value on a number line
2•To write the absolute value of a number
