BIOMIMICRY

Biomimicry is when people mimic nature to invent things

Task 1. **Choose** the correct words for the correct parts of the animals.

| Fins	Shell	Tail	Paws	Beak

Seeds	Tentacles	Hooks

Tail

Task 2.

Draw/ insert pictures of an animal/ plant	List their traits
Example: Tortoise	**Example** • Has a thick skin • Has a hard shell • Has sharp paws • Moves slow
Your idea	1. Has 2. Has 3. 4.

Task 3. Create your own invention	**Example:** A helmet mimics the tortoise shell above.
Draw/ insert picture of your own invention that mimic your animal or your plant.	**Your idea** 1. **Draw a picture** of your technology or tool 2. **Upload to Teams or Flipgrid**
