Name: _____ Worksheet

Listening Focus

UNIT 7

Environmental Studies, The Q Classroom

Listen and fill in the missing words.

Page 136

Teacher: Today we're going to talk about the Unit 7 question: "What happens to our _____?" So, what do you think, Yuna? What happens to our trash?

Yuna: It goes to the_____. Or we recycle it.

Teacher: How much do you think gets recycled? Felix?

Felix: I think that depends on where you live. Some places _____recycling for you, but in other places you have to take it somewhere. In some places, people care about where they put their trash. In other places, people _____it on the street.

Teacher: What happens to trash you throw into the street?

Sophy: Oh, that's very bad. Some of it gets into _____drains and goes into the ocean.

Marcus: That's true. A lot of trash ends up in the ocean. The water gets very_____.

Teacher: What about the trash that goes to the dump? What happens to it?

Felix: A lot of it just stays there. Some things like _____never break down. Those things will be there for hundreds of years.

Teacher: What else happens to our trash? Sophy?

Sophy: Sometimes it gets_____. That pollutes the air.

Thanks!
