

Circulatory system (II) 4º

Drag and drop

oxygen

waste

blood

expelled

The carries nutrients and

to all parts of the body and collects

products to be .

pumps

heartbeat

body

heart

muscle

The is a hollow

. It

blood around the .

Each time it pumps is called a

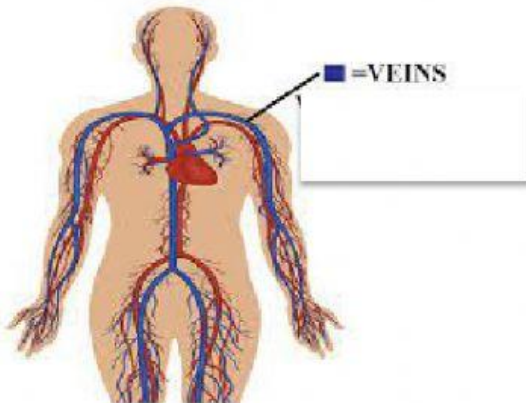

.

vessels

Veins

heart

blood

are blood

that return

to the

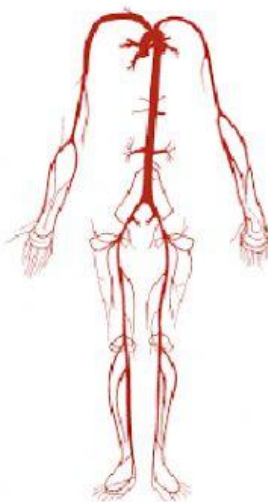

from the rest of the body.

blood

body

Arteries

heart

ARTERIES

are

vessels that carry blood

from the

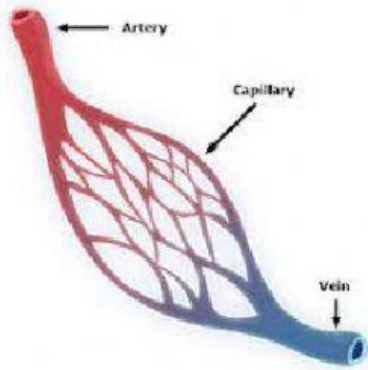

to

the rest of the

arteries

Capillaries

connect

are tiny blood
vessels that
to veins.
