READING (2.5m)

Read the passage and decide if the statements are true (T) or false (F).

Information about what happens in the world comes to us in many ways. Television and radio are two important ways of getting the news. They get the news out faster than the newspapers and magazines, and they don't have to be read. Television and radio stations broadcast the news several times each day. In America, there are the news programmes every hour. People can choose the favourite TV programmes such as sports, films, fashion, news, etc. People who cannot read can get the news from television or radio easily.

15.: There are only two ways of getting the news.

16.: Television and radio get the news faster than the
 newspapers and magazines

17.: Television stations broadcast the news several times each day.

18.: People cannot choose the TV programmes that they like.

19.: Television can bring the news to people who cannot read.
