

Au pair letter

My name is Lina, i am from Cucuta, Colombia. I am 26 years old and I am studying a foreign language: English-french-german. To be honest with you, my English is basic, but I am doing my best by practicing and learning vocabulary every day. I consider myself a responsible and easygoing person, I know how to manage my time and I can work under pressure. In my free time, I like rolling skating at the park with my friends, drawing and painting, cooking, and baking.

Talking about my experience as a nanny, I have 10 years working with children. My first experience was in 2012, I took care of my nephew, at that time he was just a newborn, I was in charge of feeding him with the bottle, changing his diaper, and napping him. My second experience was from 2014 to 2019, I worked as a German teacher with students of fifth and sixth grades, my responsibilities were to teach grammar and pronunciation. Nowadays, I am still working as a german and french teacher with elementary students.

The reason why I want to be an au pair is because as a teacher I discover I want to work with children for the rest of my life and this au pair experience is going to help me to achieve my dream and learn English.
