Read about Alice routine

Alice is 12 years old. She goes to school from Monday to Friday, but she has to help at home with the chores and she has some extra activities in her free time. She has piano lessons the day before Wednesday and she plays basketball the day before Friday. She has to water the plants on weekends. She washes the dishes the day after Thursday. She helps her dad to wash the car the day after Friday. She feeds her dog every day. She wakes up late the day before she starts school.
