

Forever young - Alphaville

Let's in style
Let's dance for a while
Heaven can
We're only watching the skies
Hoping for the but expecting the worst
Are you drop the bomb or not?

Let us die young or let us live
We don't have the, but we never say never
Sitting in a sandpit
..... is a short trip
The music is for the sad men

..... you imagine when this race is won?
Turn our golden faces into the
Praising our leaders, we're getting in tune
..... music's played by the, the mad men

Forever young, I want to be forever young
Do you really want to live forever, forever and ever?
Forever young, I want to be forever young
Do you really want to live forever, forever young?

..... are like water, some are like the heat
Some are a melody and some are the beat
Sooner or later all will be gone
Why don't they stay young?

It's so hard to get old without a
I don't want to perish like a fleeing horse
Youth's like in the sun
And diamonds are forever

So many adventures couldn't happen
So many songs we forgot to
So many dreams swinging out of the blue
..... let them come true

Forever young, I want to be forever young
Do you really want to live forever, forever and ever?
Forever young, I want to be forever young
Do you really want to live forever, forever and ever?

Forever young, I want to be forever young
Do you really want to live forever?
