

WIND INSTRUMENTS

1) Complete the sentences with the words from the box below.

Flute – piccolo – oboe – english horn – clarinet – bass clarinet – bassoon –
contrabassoon – saxophone – trumpet – trombone – french horn – tuba

- The _____ is a woodwind instrument that sounds like a duck if it's not played correctly.
- The _____ has the highest pitch in the main brass family.
- The _____, unlike the rest of the brass instruments, is played by sliding a mechanism, instead of pressing valves.
- The _____ is a woodwind instrument that has a very delicate sound, and it's held horizontally when played.
- The _____ is a woodwind instrument, bigger than a regular bassoon, and it sounds like a ship's horn.
- The _____ is a woodwind instrument, way smaller than a regular flute and with a higher pitch.
- The _____ is a woodwind instrument that is played with a single reed, and has a wide use for a lot of musical genres (jazz, classical, march bands...)
- The _____ is a brass instrument that you can stick your hand into to modify its sound while you play.
- The _____ looks like a really big saxophone, but it actually comes from the clarinet.
- The _____ is the biggest and has the lowest pitch out of all the main brass instruments.
- The _____ is a little bigger than the oboe, and its bell has a different shape.
- The _____ is commonly used in jazz music, and despite its yellow color, it is a woodwind instrument, not a brass one.
- The _____ has the lowest pitch out of all the main woodwind instruments.
