

# NEW WATERPROOF CLOTHING

Read the text and look at the root words on the right. Write the correct form in the blank.

|  |   |
|--|---|
| <p>There are few experiences as unpleasant as being</p> <p>(1)_____ cold and dripping wet on board a boat. The</p> <p>(2)_____ that you may be several hours away from warm, dry clothing is enough to slow down even the (3) _____ sailor.</p>  | <p>BITTER</p> <p>KNOW</p> <p>TOUGH</p>                                |
| <p>However, recent (4) _____ developments in the types of material used to make waterproof clothes have, hopefully, put an end to the (5) _____ of the sailor. New suits, trousers and jackets have been designed which allow people to stay warm and dry at sea and can be worn (6) _____ for days on end.</p>  | <p>SCIENCE</p> <p>SUFFER</p> <p>COMFORT</p>                           |
| <p>The new clothing is by no means cheap, but that will not stop it from selling well, and not just in the sailing market. (7) _____ previous types of waterproof clothing, which tended to leave the wearer hot, sweaty and sticky even after a (8) _____ short burst of (9) _____ activity, these new clothes are manufactured with an (10) _____ inner layer. This is made of a special material which allows the clothes to "breathe" - in other words, body heat can escape so that the body stays dry, but still maintains its (11) _____ in all weathers.</p> | <p>LIKE</p> <p>RELATIVE</p> <p>ENERGY</p> <p>ADDITION</p> <p>WARM</p> |
