English Year 4
Week 9 (5th March 2022)

Lesson Objectives:

- Answer simple comprehension

Step to Success:

- Read text
- Identify keywords in questions
- Write information in space provided

Nisa's mother called her and her sister to come and eat their lunch. They ran to join the family. Nisa ate chicken and rice. Then she ate some fruit and drank orange juice. Nisa put her rubbish and plastic cup into the rubbish bag. She saw her sister leave her crackers' packets and cup on the ground and run off to play again.

Nisa thought of the rubbish on the ground next to the swings. She called her sister and told her to pick up her rubbish. Nisa's sister came back and asked, "Why do I have to pick up my rubbish? Other people have left theirs on the ground." Nisa replied, "If we leave our rubbish on the ground, they might get into the water. Animals such as birds and turtles might think they are food and eat them." "They will choke and die from eating rubbish and plastics." Nisa added.

1. Why did Nisa's mother call to her?

   _____

2. What did Nisa eat first?

   _____

3. Where did Nisa put her rubbish and plastic cup?

   _____
