

## Sort the Data

Count the animals and add tally marks to the table. Drag and drop the total for each animal.

### Data

| Animal                                                                              | Tally | Total |
|-------------------------------------------------------------------------------------|-------|-------|
|  |       |       |
|  |       |       |

|  |  |   |   |
|--|--|---|---|
|  |  | 6 | 5 |
|--|--|---|---|
