

MY NAME IS VICTORIANA,

I was born in Venezuela in 1982 so I'm 39 years old.

I'm a lawyer since 2006. I got married in 2011 and later had two daughters.

I came to Tenerife in 2017 because of the social problems that my country is going through;

That was the best decision of our lives, despite the fact that we have changed our way of life a lot since that

Due to our new jobs and way of life we cannot do much more than work, take our daughters to their Activities

and some weekends if the weather is good we usually go to the sea, eat out or just sit on the beach to watch the sea and throw some stones.

We hope that this year we can go on vacations, get to know new places like we did on vacation in 2019,

when we went to know Italy and the girls knew part of my family,

new places full of stories that will remain in their minds forever;

but, above all, learn and know other cultures and other ways of life.

We appreciate being able to leave them that as an inheritance.

Victoriana DiCarlo Garcia.
