COMPANY

LIE - COMPANY – AIR – KNOW – ALIVE – BETTER – WANNA

Checking the time

Inspecting the _____

Hopelessly searching for something you care about

They're about to ask you

Who do you _____ be?

What are you doing here?

Are you living a lie here?

What if you grow old and die here?

Eyes riddled with lies, telling you why you're _____

If I liked being alone, maybe I'd have some thoughts of my own

Where is the map to

I found it, I want you

To give me your _____

It's just a matter of wait, what was I saying?

Do you wanna grab a drink?

Tell me the truth

If the truth means I'm _____ than I am in my head

I am in my head

I hate what I want

Because I can't have it

I want your company

I want your company

Who do you wanna be?

What are you doing here?

Are you living a _____ here?

What if you grow old and die here?

Eyes riddled with lies, telling you why you're _____

If I liked being alone, maybe I'd have some thoughts of my own

I don't wanna think

I don't wanna _____

What you think of me unless it makes me feel better

I don't wanna think

I don't wanna _____

What you think of me unless it makes me feel better

I want your company
