Read and answer the questions.

My neighbour 's name is Jay. I call her Auntie Jay. She lives in a beige house. She is very kind and I like to spend time with her on Sunday. She teaches me how to ride the gray horse at the lake. My mom gave her the new reins to stop the horse. In the evening, we like to listen to the radio when we are eating a big tray of berries. We see reindeers in her acorn garden and take a lot of pictures of reindeers. We have steak and cake for dinner. She likes to tell story in a funny vein. She does not have to deign to be with me. She said she likes me and I always have a great time with her.
