Puoi :

...eliminare solo uno zero al dividendo se dividi per : **10**

$$14000 : 10 = 1400$$

...eliminare due zeri al dividendo se dividi : **100**

$$14000 : 100 = 140$$

... eliminare tre zeri al dividendo se dividi : **1000**

$$14000 : 1000 = 14$$
