Task 3: Read and answer the questions

Peter is 12 years old. Pedro is a good student and he usually gets good mark in his tests and exams, but he doesn't go to school. The truth is he lives in a big city, where there are many schools, but all the schools don't open. There is a covid pandemic in the world and children can't go to school.

Peter studies at home. He's got books, pens and pencils but his lessons are on the computer. Every morning Peter sits in front of his laptop for three hours and watches and listens to his lessons. His teachers use cameras and interactive worksheets. He can talk to his teachers and the other students in his class. In the afternoon, Peter often does his homework or he reads History, Geography or Maths books. He always emails his homework to his teachers on Friday afternoon.

All the children are staying at home at the moment. Peter misses his friends and his teachers but he knows that he has to stay at home. It is all for the best. He hopes the pandemic goes away to go back to school and play in the school yard with his friends.
