

Fill the blanks with given words.

(can – become – have - found - polluted - have – work - have - lived – has – become)

People always their surroundings. But until now pollution was not such a serious problem. In the past, most people in crowded rural areas and didn't have pollution-causing machines. But with the development of crowded industrial cities the problem of pollution more important. Using automobiles and other machines made pollution worse. Since the 1950's people alarmed with the danger of environmental pollution.

Scientists and engineers some ways to reduce pollution from automobiles and factories. Government pass the laws that would reduce the pollution. Individuals and groups of people can also together for the same aim.
