Name: Group:

A. Listen for Flood Safety Tips and put them in order.

Before	
During	
After	

Don't touch electrical devices when there is water around!

Tell your parents if you hear a Flood warning on TV or radio.

Stay close to your family and ask for help if needed.

Move to higher places, stay away from the water.

Listen to older people, stay with your family.

Move important items to higher places.

Return home when recue workers tell you that it is safe.
