AN UNUSUAL JOB

My name is Adam. I work as a living statue or a street statue. It isn't a good job, but it's a good way to make money and watch the world at the same time. You must be patient, fit and strong. It's not easy to stay still for hours and hours. I usually work for two hours in one place, then go and find a new place.

Also, you need to get some experience before working in the street. You can start by practicing at home and then in front of friends so that you become more confident.

In the photo I am in the street. I'm standing on a platform. People usually watch me for a few minutes and then put some money in my box. But some people are very irritating. They don't give me any money. Instead, they touch me or they talk to me.

I only work in the street. But my friend Sally works in restaurants and cafés to attract customers. She's usually sitting at a table like a customer or standing like a waitress. In the photo, she's wearing a beautiful dress. She doesn't smile because she has to look serious. Seriousness is another important factor in this job. You need to be serious so that people see you are really working. Some people think that working as a living statue is just a game but this is not. You don't have a fixed salary or a specific time to retire but this is my job.
