Mathematics

Match the word names to the correct amount.

zero

nine

six

four

Complete the table below.

| Numeral | Word Name |
|---------|-----------|
| 7 | _____ |
| _____ | one |
| _____ | three |
| 8 | _____ |
| _____ | ten |
| 5 | _____ |

Solve the following:

$\begin{array}{c} 3 \\ \cdot \cdot \cdot \end{array} + \begin{array}{c} 2 \\ \cdot \cdot \end{array} = \square$

$\begin{array}{c} 8 \\ \cdot \cdot \cdot \cdot \\ \cdot \cdot \cdot \cdot \end{array} \text{ add } 0 \text{ equals } \square$

$\begin{array}{c} 9 \\ \cdot \cdot \cdot \cdot \cdot \\ \cdot \cdot \cdot \cdot \cdot \end{array} \text{ and } \square \text{ is } 10$
 $\begin{array}{c} \cdot \end{array}$

Pat has \$4 and Ben has \$5. How much money do they have altogether?

Complete the number sentence to solve the problem.

$$\begin{array}{c} \$ \boxed{} \\ \text{\tiny 1 2 3 4} \end{array} + \begin{array}{c} \$ \boxed{} \\ \text{\tiny 1 2 3 4 5} \end{array} = \$ \boxed{}$$

Select the correct object in each set.

Which is shorter?

Which is taller?

Which is longer?

Which is shorter?
