IV. READING

Read the passage and then decide whether the sentences are True (T) or False (F)

HOW ENGLISH SPREAD AROUND THE WORLD

The English language was used in Britain first and the quest expanding British Empire helped to spread the Modern English around the world during the 18th and 19th centuries. This is why many of the countries where English is an official language were former British colonies: including Canada, Australia, South Africa and the United States.

Colonialism helped to introduce English to regions like India and parts of Africa, where it continues to be widely spoken. Although Hindi is the most widely-spoken language in India today, English remains an official language in the country and is often used in university education, and within the field of politics.

Officially, just 12 percent of Indian people speak English, with many only speaking it as a second language. Nevertheless, the country has an extremely dense population, meaning that this 12 percent cross-section of society exceeds 100 million people. As a result, India has one of the largest English-speaking populations on the planet.

Throughout the 20th century, the United States emerged as a major political superpower, especially in the years after World War II. Its influence, combined with Hollywood films and the work of the British Broadcasting Corporation, are credited with the continued spread of the language throughout the century.

English remains the only official language of the Commonwealth of Nations and is also the recognised official language of Gibraltar, the Falkland Islands and Bermuda.

By the turn of the new century, English has been the most widely-spoken and written language that has ever existed.

		T	F
36.	The modem English started to be used worldwide between 1700s and 1800s.		
37.	Hindi is the most widely-spoken language in the world.		
38.	Both Hindi and English are official languages in India.		
39.	The movie industry in the USA has contributed to the spread of English.		
40.	In the new century, English hasn't existed as the most widely-spoken and written language anymore.		

LIVEWORKSHEETS

Read the following passage and choose the option (A, B, C or D) that best answers each of the questions below.

Christmas Day is a holiday in many, but not all, countries. Many homes have Christmas trees and other decorations in the weeks leading to Christmas Day. Some workplaces hold Christmas parties prior to December 25th. Festive activities include exchanging presents, singing Christmas songs, going to parties.

It's a special time when children get presents from family, friends and Santa Claus, or Father Christmas. Christmas cards are also given or sent out prior to Christmas Day. For some, Christmas is an exclusive family affair while others invite friends to a Christmas buffet or pot luck meal.

Christmas Day is a public holiday in many countries worldwide, including Australia, Canada, the United Kingdom and the United States, Government offices, educational institutions, many businesses and post offices are closed on this day. If you plan to travel with public transport, check with the local transport authority on schedule changes.

Images of Santa Claus, also known as father Christmas, snowmen, reindeer, and candy canes are seen in cards, posters, signs and other printed or marketing material associated with the Christmas celebrations, images of baby Jesus, the Christmas star, and other symbols associated with the religious meaning of Christmas are also seen during Christmas Eve and Christmas Day.

Other common decorations associated with Christmas are holly and ivy - both are associated with Pagan festivals as it was customary to decorate with greenery for these festivals.
