

# Cause and Effect

1. Identify the cause and effect.

There was a  
banana peel

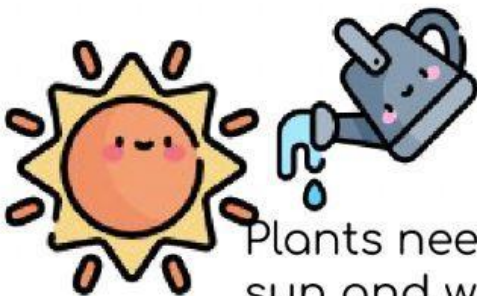

so, I fell.

She buys food

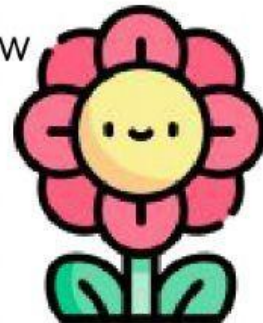

She is hungry

Plants need  
sun and water

To grow

# Cause and Effect

2. Sort the causes and effects.

Cause

Effect

Today is really sunny, 		it is growing strong. 
	there is a rainbow 	I will have good grades. 
Since I always water my plant, 		so I will use my cap. 
	Therefore I can play. 	I finish all my activities, 
If I study and pay attention, 		Because it was raining,
