

Sunday with the flu

Put the words back into the song.

..... my door,..... my key

Missed my bus in the pouring rain

It's been the usual..... with a flu

And I just can't get over you

Sunday

forgot

Closed

Burnt my toast andyour number

.....my finger, spilled my beer

It's been the usual sunday with a flu

And I just can't get over you

Cut

lost

I put your stockings in my purple boots

What if I don't get over you?

.....a chat and left my hat

Ate my dog and..... my cat

It's been the usual sunday with a flu

And I just can't get over you

Had

walked

I put your stockings in my purple boots

What if I don't get over you?

I put your stockings in my purple boots

What if I don't get over you?

..... a cabbage, threw the garbage

.....for help and got some kelp

It's been the usual sunday with a flu

And I just can't get over you

Called

Asked

I put your stockings in my purple boots

What if I don't get over you?
