I think of you

In a straight line down

Then it makes you turn right back around

Makes you wanna run and hide

Headlights pass the window pane

Repeat (*)

3. Put the following verses in order.

(I I I I, I I I wish, I wish, I) x 3
You always knew how to push my buttons
I wish you would, I wish you would
And I wish you were right here, right now
I wish we could go back
You gave me everything and nothing
And remember what we were fighting for
Stand back where you stood
I miss you too much to be mad anymore
This mad, mad love makes you come rushing
It's all good.
I wish you would
Wish you knew that
