What will life be like in 100 years' time!

Joe, 11

I think robots will do everything for us. They'll do all the **dangerous** jobs, like firemen's jobs, and all the housework. Robots will listen to us and talk, but they won't have **feelings** like people. I think robots will help us with our **homework**, too. That'll be great!

Jess, 10

I sometimes worry about the future. I think it will be hotter and there will be more **storms**. It will be harder to grow food. Animals like polar bears may become **extinct**, because the snow where they live will melt. There will be a lot more sea and a lot less land. This will make our countries very crowded, especially if people start to live longer.

Tom, 10

There will be more people on earth in the future because people will be healthier and there'll be less **illness**. I think they will get richer, too. More people will buy cars and this means that our **roads** will be too crowded. So, I think we will have new roads in the sky and our cars will be very different, too. Cars won't use **petrol** anymore. I think they'll use **energy** from the sun.
